YOUR INVITATION TO JOIN OUR

HACK@THON

GDE HACK   **#GDEHACK18**

In support of the work taking place locally surrounding the Global Digital Exemplar (GDE) Programme, the Digital Liverpool Team invite you to a Hackathon, which is being hosted by MIT Hacking Medicine on 4 and 5 July 2018 at Aintree Racecourse in Liverpool.

#GDEHACK18

The event will energise and bring together local clinical and technical experts to **help solve some of healthcare's biggest challenges** by working together to share your knowledge, wisdom and expertise.

Under the guidance of MIT Hacking Medicine, in teams you will work together over the two days to bring your ideas to life for presentation to an expert panel. The top three will then be selected for showcase as part of the iLINKS Innovations conference and exhibition (www.ilinksmersey.nhs.uk) where they will be voted on by delegates.

RSVP to join fellow hackers by e-mailing **digitaltransformation@rlbuht.nhs.uk** Please provide your name, role, organisation, phone number and e-mail address. **Limited places are available so early booking is recommended.**

#GDEHACK18 is sponsored by: INNOVATION AGENCY Academic Health Science Network for the North West Coast   **NHS** Digital
